

August 7, 1941.

Mr. Joe Gootter,
284 - 17th Ave.,
Paterson, N. J.

Dear Mr. Gootter:

I have been hoping each day my eye would improve so that I could write you personally, however, as I am unable to do so as yet, I decided to have a letter typed to you.

I want to thank you very much for your kind co-operation. I do think Paterson should prove to be a very worthwhile spot. It is too bad the Eagles have played such bad looking baseball there, I guess those things just happen where baseball is concerned.

I do hope I will be able to come over this Saturday, as I would like very much to talk to you however, it all depends on the condition of my eye.

I am enclosing you some publicity on The Cubans, I hope you have received satisfactory information from Mr. Kessler about The Eagles.

Again please accept my sincere thanks for your help, I do hope we can begin next year with a worthwhile program and really get some place.

Very truly yours,

EM:CCJ
